Company Profile

Ven-Rez Products has been manufacturing school, institutional and library furniture for over 60 years. The manufacturing facility is located in Eastern Canada with easy access to international shipping facilities.

The 120,000 square foot manufacturing facility supplies markets in North America, Africa and the West Indies.

As a manufacturer Ven-Rez offers you the knowledge, flexibility and solutions not usually available through middlemen and dealers. Many of the Company's new products originate from working closely with their customers on unique or custom projects.

The institutional market demands durable furniture. Ven-Rez is unmatched in this capability. Robotic welding, double strength bracing and connections, heavy gauge steel and unique engineering, all contribute to these extraordinary durable products.

Ven-Rez Products is a member of The Shaw Group of Companies, selected as one of Canada's 50 Best Managed Companies five years running.
